

# BB-8 and R2-D2

Written By: Joshua

# INTRODUCTION

Create your own droid buddy that blinks and moves around! We added a single blinking red LED to them as well as a vibrating motor. Make your own using the Robot Buddy Template and these skins! Both files can be found at the bottom of this write up in printable PDF format.

## TOOLS:

- [Scissors](#) (1)
- [Clear Tape](#) (1)

## PARTS:

- [Paper Circuits Kit](#) (1)
- [Origami Circuits Kit](#) (1)
