

# Rocket Card

Make a light-up Rocket Card to celebrate the golden age of space flight!

Written By: Pete Prodoehl

## INTRODUCTION

Make a light-up Rocket Card to celebrate the golden age of space flight! Choose our 3D card or the flat version, and choose full-color or color it yourself!

### TOOLS:

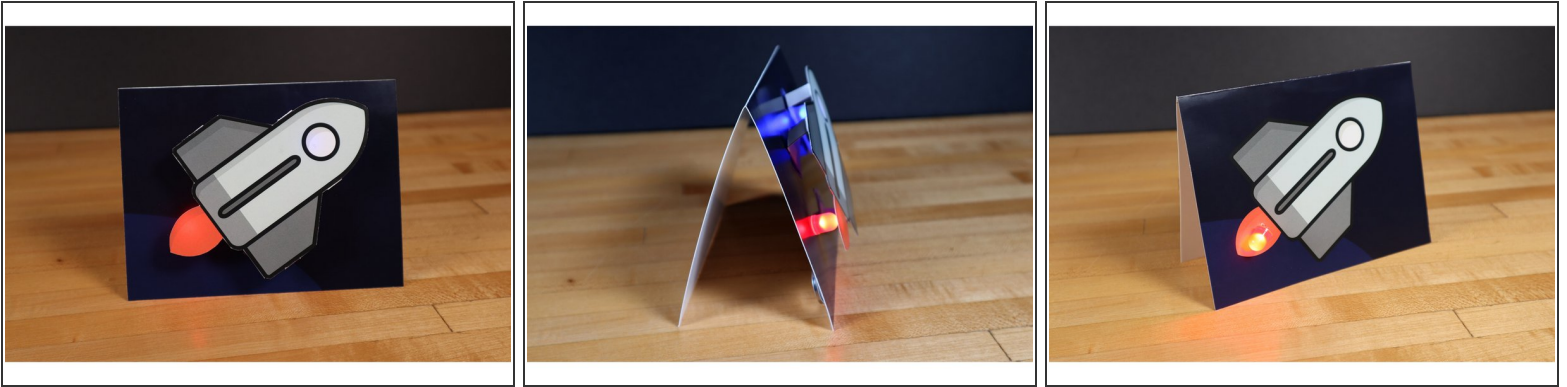

- [Scissors](#) (1)

### PARTS:

- [Paper Circuits Kit](#) (1)

## Step 1 — Choose a Template

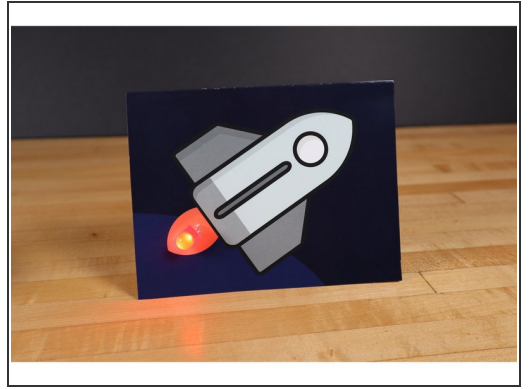

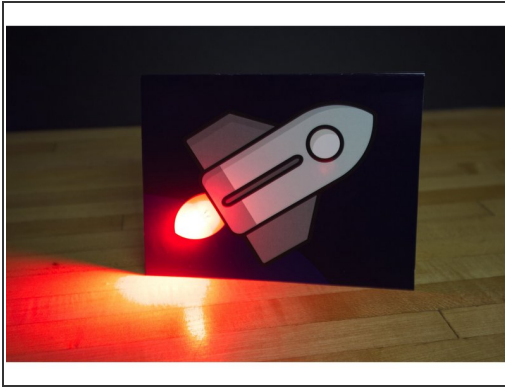

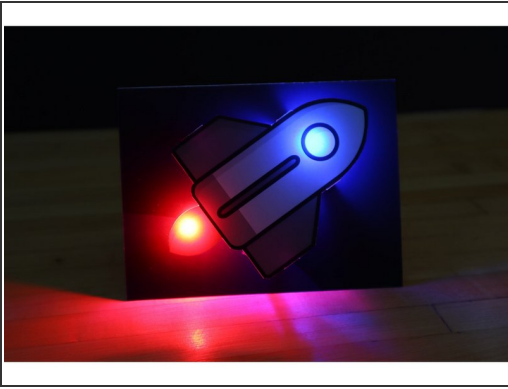

- Choose your template! There is a full-color 3D version, as well as a version you can color yourself, and a full-color flat version, as well as a version you can color yourself.

## Step 2 — Make Your Card

- Follow the circuit guide printed on the card. Attach LEDs, a battery, and connect it all together with conductive Maker Tape.

### Step 3 — Light it Up!

- Once you connect your circuit your rocket will light up!
