

Super Moon Phase Cube

Create a simple two LED paper lantern for use with heavier card stock. Then, turn off the room lights to see the phases of the moon indoors!

Written By: Andy Wallus

INTRODUCTION

Create a simple two LED paper lantern for use with heavier card stock. Then, turn off the room lights to see the phases of the moon indoors!

You can make this project (and many more!) with our **Paper Circuits Kit**.

TOOLS:

- [Scissors](#) (1)

PARTS:

- [Maker Tape](#) (1)
1/4" Wide
- [Jumbo 10mm Diffused LED](#) (2)
White
- [CR2032 Battery](#) (1)
- [Printable Template](#) (1)

Use the key to turn the circuit on and turn the room lights off to view. Add a string to hang it by for added effect!
