INTRODUCTION

Make this Minecraft-Inspired Lantern using this guide and the templates found in the attached PDF file.

This projects can be created with our **Paper Circuits Kit**. You'll just need some Maker Tape, a CR2032 Battery, and a Jumbo 10mm LED.

You'll need to supply your own paper, scissors, and tape. (And colored pencils, crayons, or markers if you choose to use the black & white templates.)
🔧 TOOLS:

- Scissors (1)

⚙ PARTS:

- Paper Circuits Kit (1)
- Tape (1)
- Markers, Crayons, or Colored Pencils (1)

Step 1 — Build Your Lantern

- **Gather** materials and tools listed.

- **Print template** back-to-back using the file located at the bottom of this guide.

- **Follow instructions included on template.**

Step 2 — Make More Things

- Check out our [Minecraft-Inspired Paper Circuits (full series)](#) guide for more fun projects!
