

# Winter Wearable Circuits eBook

Download our Winter Wearable Circuits eBook

Written By: Pete Prodoehl

## INTRODUCTION

Each of the projects in this eBook can be made using Maker Tape and 10mm Jumbo LEDs, which can be found in our **Wearable Circuits Kit**. We recommend using stiff felt when creating these projects, as it is a bit easier to work with. You can also make most of these projects with paper if you prefer.

### TOOLS:

- [Scissors](#) (1)

### PARTS:

- [Wearable Circuits Kit](#) (1)
- [Felt](#) (1)

## Step 1 — Download PDF

- This free 27 page eBook contains 5 different wearable circuits projects with build instructions included.
- You'll also find examples and links to online guides featuring more advanced projects.
- Just scroll to the bottom of the page to view the PDF in the **Attached Documents** section.
