

Penguin Template - Tank Body

Turn the Bit Board Rover Tank into a cute penguin with this printable template.

Written By: Natasha Dzurny

INTRODUCTION

Turn the Bit Board Rover Tank into a cute penguin with this printable template.

TOOLS:

- Printer (to print out the template) (1)
- Scissors (1)
- Hole Punch (1)
- Double-Sided Tape (1)
- Glue (1)

PARTS:

- Bit Board Rover Kit (1)
- micro:bit (1)
- LEGO Technic Pin with Friction Ridges and Slots (2780 / 61332) (4)

Included with Rover Kit

• LEGO Beam 1 (18654) (4)

Included with Rover Kit

Cardstock (3)

Step 1 — Print the Template & Gather Supplies

- If you haven't built the Tank's Main Body yet, see the <u>Rover Tank Body</u> guide first
- Print the template of your choice.
 - We've included both templates in the single PDF file attached to this guide.
- You will also need scissors, a hole punch, 4x LEGO pins (black) and 4x LEGO round beams (grey), and double-sided tape or glue.

Step 2 — Color and/or Cut out The Template

- If you chose the "Print and Color" template, color it in first, then cut it out.
 - Or, If you chose to print the "Print and Color" template on colored paper, cut out the pieces and tape them in place.
- If you chose the grey "printable" template, cut out the template as shown.

This document was generated on 2023-04-21 08:27:43 PM (MST).

Step 3 — Punch Holes Where Shown

Use a standard hole punch to punch out the circled where shown.

Step 4 — Fold the Paper Cutouts

Fold along the dotted lines as shown.

Step 5 — Prepare the LEGO Pins

Connect each LEGO pin to a LEGO round beam as shown.

Step 6 — Use LEGO To Secure the Penguin Back

- Place the folded paper between beams on the back of the Tank as shown.
- Use two pin/beam sets to connect the back of the penguin body to the Tank as shown.

Step 7 — Secure the Front

 Use two more pin/beam sets to attach the front of the penguin body to the front of the Tank as shown.

Step 8 — Add the Head

- Stick double-sided tape or glue to the bottom of the head flaps.
- Adhere the head to the body as shown.

Step 9 — Attach the Wings and Feet

- Fold the wings along the dotted line.
- Add double-sided tape or a dot of glue to the center of the inside of the wings.
- Thread the wings behind the penguin's body and squeeze the spot with the tape/glue to keep them
 in place.
- Add double-sided tape or a dot of glue to each foot and glue them in place.

Step 10 — Optional: Add Googly Eyes!

• The penguin's eyes are 1.5-inch circles - perfect for a set of Googly Eyes! Add them if you wish.

Step 11 — Now you have a Penguin Tank!

Let your penguin roam around!
